

**OUR LADY STAR OF THE SEA SCHOOL**  
**PARENTAL BRING YOUR OWN DEVICE CONTRACT**

- ☐ I have thought about this option and have decided that I **do not** want my child to bring their own digital device to school for use in the classroom learning programme.
- 

I have thought about this option and **agree for my child to bring their own digital device** to school for use in the classroom learning programme.

I understand that (please tick each statement):

- ☐ The device brought to school is my child's responsibility and the insurance for the device is my responsibility.
- ☐ Teachers will provide a secure cupboard in which my child may place their device when not in use. If my child does not use this facility then the school holds no responsibility for any loss or damage, which might occur.
- ☐ My child's device will arrive at school each day **fully charged**.
- ☐ The device will only be used when there is an adult present for learning experiences.
- ☐ The device brought to school is for the use of my child only. Any sharing of that device for collaborative work is agreed upon by my child.
- ☐ Students will use cloud based applications such as Google Apps for Education for file management.
- ☐ My child will be given a school email address and anything stored or accessed under that address needs to be school approved. This email address will be closed at the end of your child's final year of schooling at OLSOS. I understand that this email address should not be used for personal use.
- ☐ These guidelines, including the Student Device Agreement overleaf, apply to school based devices and student-owned devices, while they are at school, including the Copyright act.
- ☐ The device my child brings to school will be clearly identifiable with either their name or their family name.
- ☐ If my child breaks the rules and conditions attached overleaf they will be asked to keep their device at home. Depending on the severity, they may be only allowed to use the school owned devices at the teachers' discretion
